24th January 1910

To

The Chief Engineer
of Mysore,
Bangalore

Sir,

We the undersigned residents of the New Lakshmipuram Extension request to bring the following to your kind notice and favourable disposal

It is nearly a year since that many houses were built for occupation in this extension but owing to the dearth of drinking water many have not yet occupied their houses. We have already more than once brought this matter to the notice of the authorities praying that they would kindly lay out branch pipes from the main like close by for supplying water to this extension. The Government have been graciously pleased to sanction the estimate for this work but we regret that nothing has been done in the matter till now. We therefore request you again to kindly issue early orders for completing this work and thus

[illegible]

enable us to occupy our houses built at a great cost long ago

We beg to remain 3
